

JOB POSTING

MEDICAL EXERCISE PHYSIOLOGIST

Job Title: MEDICAL (CARDIAC) EXERCISE PHYSIOLOGIST

Annual Salary: \$36.78 – 45.93 an hour

Status: 1.0 FTE

Location: EFry Health Centre, Surrey

Posting #: 23-011

Schedule: Monday – Friday, based on patient care needs

Start Date: September 2023

ABOUT EFRY HEALTH CENTRE:

Opening this fall in a new, well-appointed, purpose-built facility in North Surrey, EFry Health Centre is an innovative, multidisciplinary+ clinic created to provide holistic care to vulnerable women and children, who often live in deep poverty and may have complex care needs. To assist patients in building healthy futures and stable lives, the Centre brings together a primary care team with mental health, allied health, dentistry and nutrition in a gender-focused, trauma-informed, culturally safe environment. It also provides patients with direct pathways to the spectrum of social service supports offered by the EFry and its community partners. As part of the fully integrated care team, you will be supported in operating at the top of your license, providing whole-person care that will help change lives for the better.

We are recruiting for a Medical (Cardiac) Exercise Physiologist (MMCEP) (1.0 FTE) to join a shared care practice in a team-based healthcare environment with fully integrated health services driven by quality improvement. The MCEP performs a critical role in an interdisciplinary team focusing on health promotion and prevention activities across the lifespan with a focus on the deeply poor, marginalized, vulnerable population of women and children, including seniors that are supported by the EFry organizations and living within the catchment area. Supported by a Physiotherapist and a Occupational Therapist, the MCEP is responsible for providing wellness assessments, individual or group exercise programs, program development, program implementation, instruction and guidance following the plan-of-care and treatment of patients. Ensures quality of service. The MCEP consults with other health professionals and develops, coordinates, and presents relevant resource material or educational sessions. It is the goal of the organization to ensure all patients feel safe, valued, respected, and cared for as they access

Dignity. Equity.

Innovative Healthcare.

health care services. The MCEP will be tasked to demonstrate improved access to primary care and quality of primary care for our population of vulnerable women and children. Due to extended hours of operation that may be needed, the MCEP must be willing to participate in evening and weekend hours at times.

SCOPE OF PRACTICE:

The MCEP will provide full- scope of services that would be commensurate with the breadth and depth of professional services provided by a full-time, full-service, MCEP, for the care of its patients and the health of the community within which it practices. The MCEP participates in approved special projects, and program quality and safety activities.

QUALIFICATIONS:

- Bachelor's degree from an accredited four-year degree program in exercise science, Physical Education, Wellness, or other health-related field.
- One year of clinical experience in a Health/Wellness/Physical Rehabilitation program preferred.
- Knowledge of exercise testing protocols.
- Knowledge of indications/contra-indications of exercise and health training techniques and administration.
- Current American Heart Association issued Basic Life Support (BLS) certification required at date of hire.
- Certification by the American College of Sports Medicine as a Certified Exercise Physiologist (EP-C) or Medical Exercise Training Institute preferred.
- Two (2) years of recent related experience in community practice

EFry Health Centre is an equity-seeking organization. Applications are encouraged from qualified women, Indigenous, Black, People of Colour, LGBTQ2S+ individuals, people with disabilities and other marginalized groups.

Interested candidates must submit a cover letter and resume to hr@EFryHealth.ca with the **subject line 23-011**. The position will remain open until filled.

To view all positions at the Elizabeth Fry Health Centre, please visit www.EFryHealth.ca. A comprehensive job description will be provided to shortlisted candidates.

We thank all applicants for their interest in this opportunity; however, only those selected for an interview will be contacted.
