

JOB POSTING

REGISTERED DIETICIAN

Job Title: REGISTERED DIETICIAN
Status: 0.5 FTE, 975 hours per year
Location: EFry Health Centre, Surrey
Posting #: 23-006
Schedule: Monday – Friday, based on patient care needs

ABOUT EFRY HEALTH CENTRE:

In September 2023, the newly established EFry Health Centre emerged as a purpose-built facility in North Surrey. This clinic embodies innovation and multidisciplinary approaches, dedicated to offering comprehensive, holistic care to vulnerable women and children who live in deep poverty and may have complex healthcare needs.

To assist patients in building healthy futures and stable lives, the Centre brings together a primary care team with mental health, allied health, dentistry and nutrition in a gender-focused, trauma-informed, culturally safe environment. It also provides patients with direct pathways to the spectrum of social service supports offered by the EFry and its community partners. As part of the fully integrated care team, you will be supported in operating at the top of your license, providing whole-person care that will help change lives for the better.

We are recruiting for a Registered Dietician (RD) (0.5 FTE) to join a shared care practice in a team-based healthcare environment with fully integrated health services driven by quality improvement. The RD performs a critical role in an interdisciplinary team focusing on health promotion and prevention activities across the lifespan with a focus on the deeply poor, marginalized, vulnerable population of women and children, including seniors that are supported by the EFry organizations and living within the catchment area. The RD provides nutrition expertise to the team responsible for health care planning and service delivery, practice, and policy, which addresses the population needs within the program. The RD consults with other health professionals and develops, coordinates, and presents relevant resource material or educational sessions. It is the goal of the organization to ensure all patients feel safe, valued, respected, and cared for as they access health care services. The RD will be tasked to demonstrate improved access to primary care and quality of primary care for our population of

vulnerable women and children. Due to extended hours of operation that may be needed, the RD must be willing to participate in evening and weekend hours at times.

SCOPE OF PRACTICE:

The RD will provide full- scope of services that would be commensurate with the breadth and depth of professional services provided by a full-time, full-service, RD, for the care of its patients and the health of the community within which it practices. The RD will also support and provide clinically related teaching and clinically related research.

QUALIFICATIONS:

- Bachelor's Degree in Dietetics or Nutrition from an approved educational institution, plus completion of an accredited community or dietetic internship program.
- Two (2) years of recent related community and/or public health experience as a practicing Dietitian delivering community-based programs, or an equivalent combination of education, training, and experience.
- Current registration with the College of Dietitians of BC and eligible for membership in the Dietitians of Canada.

EFry Health Centre is an equity-seeking organization. Applications are encouraged from qualified women, Indigenous, Black, People of Colour, LGBTQ2S+ individuals, people with disabilities and other marginalized groups.

Interested candidates must submit a cover letter and resume to hr@EFryHealth.ca with the **subject line 23-006**. The position will remain open until filled.

To view all positions at the Elizabeth Fry Health Centre, please visit www.EFryHealth.ca. A comprehensive job description will be provided to shortlisted candidates.

We thank all applicants for their interest in this opportunity; however, only those selected for an interview will be contacted.
