

JOB POSTING

REGISTERED NURSE

Job Title: REGISTERED NURSE
Status: 0.45 FTE, Relief
Location: EFry Health Centre, Surrey
Posting #: 23-0045
Schedule: Monday – Friday

ABOUT EFRY HEALTH CENTRE:

In September 2023, the newly established EFry Health Centre emerged as a purpose-built facility in North Surrey. This clinic embodies innovation and multidisciplinary approaches, dedicated to offering comprehensive, holistic care to vulnerable women and children who live in deep poverty and may have complex healthcare needs.

To assist patients in building healthy futures and stable lives, the Centre brings together a primary care team with mental health, allied health, dentistry and nutrition in a gender-focused, trauma-informed, culturally safe environment. It also provides patients with direct pathways to the spectrum of social service supports offered by the EFry and its community partners. As part of the fully integrated care team, you will be supported in operating at the top of your license, providing whole-person care that will help change lives for the better.

We are recruiting for a Registered Nurse (RN) (0.45 FTE relief) to join a shared care practice in a team-based healthcare environment with fully integrated health services driven by quality improvement. The RN performs a critical role in an interdisciplinary team from triaging patients and directing them to appropriate care, to assessing and managing patients' presenting issues, within the level of the RN scope whether independently or in consultation with other team members. The RN will have the required skills to assist other team members in the event of a medical emergency requiring stabilization while awaiting transfer to higher levels of care. It is the goal of the organization to ensure all patients feel safe, valued, respected, and cared for as they access health care services. The RN will be tasked to demonstrate improved access to primary care and quality of primary care for our population of vulnerable women and children. Due to extended hours of operation that may be needed, the RN must be willing to participate in evening and weekend hours at times.

Dignity. Equity.
Innovative Healthcare.

SCOPE OF PRACTICE:

The RN will provide full- scope of services that would be commensurate with the breadth and depth of professional services provided by a full-time full-service, RN, for the care of its patients and the health of the community within which it practices. The RN will also support and provide clinically related teaching and clinically related research.

QUALIFICATIONS:

- Completion of a recognized Registered Nurse education program
- Current practicing registration as a Registered Nurse with the British Columbia College of Nurses and Midwives (BCCNM)
- Significant nursing experience (minimum two years) with recent and related work in a variety of settings including primary care, emergency department, or remote settings.
- Current CPR-HCP Certification essential
- Experience working with marginalized populations (mental health and addictions, poverty, vulnerable youth, Indigenous, refugee, LGBTQ2I+, and other community members)
- Completion of the Point of Care HIV Testing course and successful completion of the BCCDC Immunization certificate and Narcan Certification and/or commitment to complete within six (6) months of hire.

EFry Health Centre is an equity-seeking organization. Applications are encouraged from qualified women, Indigenous, Black, People of Colour, LGBTQ2S+ individuals, people with disabilities and other marginalized groups.

Interested candidates must submit a cover letter and resume to hr@EFryHealth.ca with the **subject line 23-0045**. The position will remain open until filled.

To view all positions at the Elizabeth Fry Health Centre, please visit www.EFryHealth.ca. A comprehensive job description will be provided to shortlisted candidates.

We thank all applicants for their interest in this opportunity; however, only those selected for an interview will be contacted.
